The Mississippi Impact Report Card for Educational Leadership (Advanced Programs) was developed to comply with the Council for the Accreditation of Educator Preparation (CAEP) Standard 4 (Program Impact). Nine public and private higher education institutions submitted data to establish external benchmarks for Statewide EPP.

Nine institutions of higher learning that comprise the Mississippi Education Preparation Providers (EPP) requested that the Statewide Longitudinal Data System (SLDS) provide information required for national accreditation through CAEP. The nine participating institutions that offer educational leadership programs include: Belhaven University, Delta State University, Jackson State University, Mississippi College, Mississippi State University, Mississippi University for Women, The University of Mississippi, The University of Southern Mississippi, and William Carey University.

Each of the nine institutions provided the SLDS Clearinghouse with supplemental data containing information on educational leadership (advanced program) completers, including retention, graduation, and employment placement rates. The data were used in conjunction with de-identified data already in the SLDS Clearinghouse to produce reports to assist with CAEP annual reporting measures.

A cohort design was used where individuals graduating from each of the EPPs in a given academic year were followed over time to identify their subsequent performance outcomes. Reports containing the results were produced for each participating EPP as well as a statewide report which is contained in this Mississippi Impact Report Card. The statewide Educator Preparation Provider Collaborative Committee (EPPCC) designated a subcommittee to develop the format and methodology of the Mississippi Impact Report Card led by Dr. Mitzy Johnson and Mrs. Jenny Hartness from Mississippi State University, Dr. Ann Monroe from University of Mississippi, and Dr. Yanbing Tang and Mr. Leslie Charlton from the National Strategic Planning and Analysis Research Center (NSPARC).
