## Application for Admission to Minor in Music

---

**Instructions and Information:** Before this form can be processed, you must make application for admission to Belhaven University. Apply to the University first! After completing all aspects of your application to the University, fill out this form completely and carefully before you come to audition. The Music Minor is open to students who demonstrate to the faculty serious interest and strong aptitude in musical disciplines showing promise of achieving significant proficiency in a musical discipline before graduation. Typically, a Music Minor has some musical background before arriving at college. Very rarely are complete beginners admitted to the Minor program. However, beginners are encouraged to participate in music ensembles and study music through group or private instruction as appropriate.

If you have performed as a soloist please attach a repertoire list of solo pieces you have studied in the last four years. Also attach any relevant resumes, concert programs, letters of reference, etc. you may wish to submit. Please let us know of your accomplishments in your music discipline. Auditions are held on Belhaven University's Discovery Days and by appointment when a prospective student cannot visit the campus on a Discovery Day. Under very unusual circumstances, an audition may be submitted by DVD. Call or E-Mail for more information. Your application will automatically be considered for music scholarships.

Please print.
